

MY SMARTBOARD

Designed for individuals who want a high-end trainer at home.
It is a connected support on which the user can set his hangboard.

Gives an upper dimension to a traditional training tool.

Trainings & tests are then adapted to each climber's hold.

The app will be compatible **beastmaker 1000 series & 2000 series** for now (available in June 2023).

Product available & shipped under 15 days.

The **MY SMARTBOARD** is already usable with the existing pro app.
